2175. SHRI NAND KISHORE BHATT: Will the Minister of INDUSTRY be pleased to refer to the answer to Starred Question 2 given in the Rajya Sabha on the 18th November, 1985 and state:

(a) details of provisions of Drugs Price Control Order, 1979 which were not im-

plemented by Government along with detailed reasons of each;

(b) whether it is a fact that the prices fixed by Government have not been implemented by the drug companies and overcharged the consumer;

(c) whether it is a fact that the importer of drugs never got the prices of bulk drugs fixed before sale and sold at exorbitant prices;

(d) whether it is a fact that the formulators made huge unintended profits which have not been recovered;

(e) whether it is also a fact that due to non-implementation of important provisions the benefit of pricing policy did not reach the public; and

(f) what steps Government propose to take to implement these provisions and by when these provisions will be implemented?

THE MINISTER OF STATE IN THE DEPARTMENT OF CHEMICALS AND PETRO-CHEMICALS (SHRI R. K. JAICHANDRA SINGH): (a) Provisions of Drugs (Prices Control) Order, 1979 have been implemented by the Government to the extent possible.

(b) Several instances of marketing formulations at prices higher than the Government fixed prices on the basis of wrong categorisation, decisions of the Courts and representations against the prices fixed by the Government have come to the notice of the Government. Action in these cases is on in accordance with the due procedure of law.

(c) Sale prices of several imported bulk drugs were fixed.

(d) Several instances of the formulators enjoying the difference between the price of a bulk drug allowed in the formulations and the actual import/procurement price have come to the notice of the Government and action in all these cases to recover the amount in accordance with the due procedure of law is on.

(e) and (f) No, Sir. Implementation of the Drugs (Prices Control) Order, 1979 has helped to moderate the drug prices. However, in actual implementation of DPCO 1979 a number of legal and administrative problems are being encountered. Government have therefore taken up a review of the 1978 Drug Policy.
